---

### SUMMARY

Experienced Senior Software Developer specialized in React and full-stack development. Proven ability to improve web applications' efficiency and user experience through innovative solutions and collaboration. Excels in fast-paced environments, delivering high-quality projects on time.

---

---

### EXPERIENCE

---

#### **Coupa** / Sr. Software Developer

AUG 2021 - OCT 2023, REMOTE

Contributed to the OpenX project, creating React dashboards for their advertising solutions.

Updated older systems and ML features to make them better, resulting in a 20% increase in system efficiency.

Utilized Node.js and PostgreSQL for backend solutions, optimizing data flow and storage.

#### **Dew Solution** / Sr. Software Developer

AUG 2019 - JUL 2021, GURGAON (REMOTE)

Spearheaded full-stack development tasks, delivering seamless user experiences.

Collaborated with cross-functional teams to ensure timely and efficient project completion.

Developed dynamic web applications tailored to client needs using React and Node.js.

#### **Enuke Software** / Software Developer

JUL 2019 -AUG 2019, GURGAON

Rapidly adapted to new tech environments, delivering timely solutions.

Engaged in team collaborations for swift project turnover.

## **Incrementum Technologies** / Software Developer

May 2017 - JUNE 2018, GURGAON

Dug deep into coding challenges, always seeking optimal solutions.

Contributed to team brainstorming, adding fresh perspectives.

Consistently met project deadlines, ensuring client satisfaction.

---

## **EDUCATION**

---

### **Maharshi Dayanand University** / Bachelor of Technology

MONTH 2014 - MONTH 2017, ROHTAK

Engaged in a comprehensive study, building a strong foundation for a career in software development.

Participated in hands-on projects, honing practical skills alongside theoretical knowledge.

---

## **PROJECTS**

---

### **Tatacliq and Tatacliq Luxury**

<https://luxury.tatacliq.com/>

<https://www.tatacliq.com/>

Role: Lead Developer

Spearheaded the development using React for seamless front-end experiences.

Integrated Express and Nodejs for a robust server side rendering.

AWS for scalable cloud solutions, ensuring high availability.

### **OpenX**

<https://www.openx.com/>

Role: Sr. Developer

Updated the platform for enhanced UI/UX, leading to increased user engagement.

Proactively addressed bug fixes, ensuring a robust and error-free user experience.

Provided consistent support to address user queries and enhance platform usability.

## **Air India**

<https://www.airindia.com/>

Role: Lead Developer

Oversaw project milestones and team collaborations.

Implemented dynamic components using React integrated with AEM to enhance user experience.

## **Call Recruit**

<https://callrecruit.com/>

Role: Sr. Developer

Enables companies and individual recruiters to post job vacancies specific to call center roles.

Agents can seamlessly browse through opportunities, apply for jobs, and connect with employers.

## **IFS (Invest for Society)**

Role: Sr. Developer

Developed a platform for crypto donations and trading.

Utilized React for user-friendly interfaces and MongoDB for secure data management.

---

## **SKILLS**

---

React: Advanced

JavaScript: Intermediate

GIT: Advanced

Node.js: Intermediate

TypeScript: Intermediate

MySQL: Advanced

MongoDB: Advanced

PostgreSQL: Intermediate

AWS: Intermediate
